

MTX-MK1 Miniplotter

MTX-MK1 – Terminal Block Marking: TX

Design

Terminal block marking with strong hooks for safe snap mounting. (TX-96 matches Phoenix, Entrelecs, Wagos and TX-61051 matches Weidmüller, Conta-Clip and others with similar design)

Material

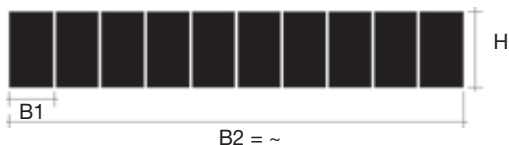

Cadmium free, stiff PVC material of Partex formula

Colours

White or orange

Temperature Range

Shape permanence between -30°C and +60°C (-22°F to +140°F) (PVC)

Cat. No.	Intended for Terminal Block (B1)	Height (H)	Markers / Strip	Strips / Inlay	Length (B2) 10 markers	Cat. No. Fixture
TX-96050PNØ	5.0	9.6	6	1 x 10	50.0	MTX-MK1-TX
TX-96052PNØ	5.2				52.0	
TX-96060PNØ	6.0				60.0	
TX-96062PNØ	6.2				62.0	
TX-96073PNØ	7.3				73.0	
TX-96080PNØ	8.0				80.0	
TX-96082PNØ	8.2				82.0	
TX-96100PNØ	10.0				100.0	
TX-96102PNØ	10.2				102.0	
TX-96120PNØ	12.0				72.0 (6 markers)	
TX-96141PNØ	14.1				84.5 (6 markers)	
TX-96151PNØ	15.1				90.6 (6 markers)	
TX-61051PNØ	5.1				6.1	

Material: TX = hard PVC

P = Strip of 10 markers, N = Neutral (blank)

Ø Colours: 3 = Orange, 9 = White

Example: TX-96050P9 = 5.0 mm, White

TX-96 Series matches Phoenix, Entrelecs and Wagos terminal blocks.

TX-61051 Series matches Weidmüller, Conta-Clip and others with similar design.
