

Decora Smart with HomeKit.

Introducing the Decora Smart with HomeKit Technology family of products featuring three devices including in-wall dimmers and a switch, supporting a wide range of load types including LED and incandescent with multi-way capability.

THE LATEST TECHNOLOGY – SIMPLE TO USE

Apple® HomeKit technology provides an easy, secure way to control lights and more from your iPhone®, iPad® or iPod touch®.

APP CONTROL

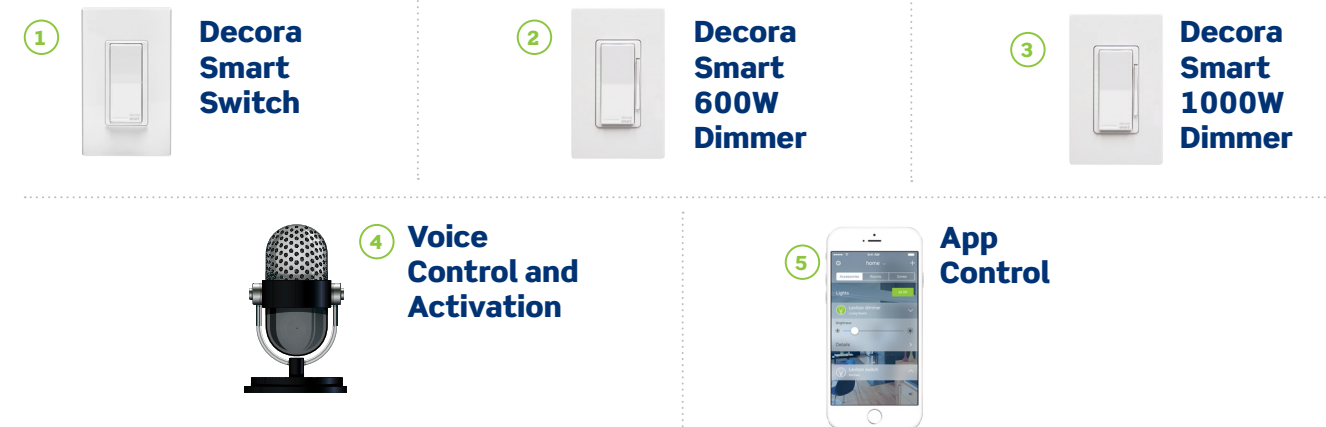

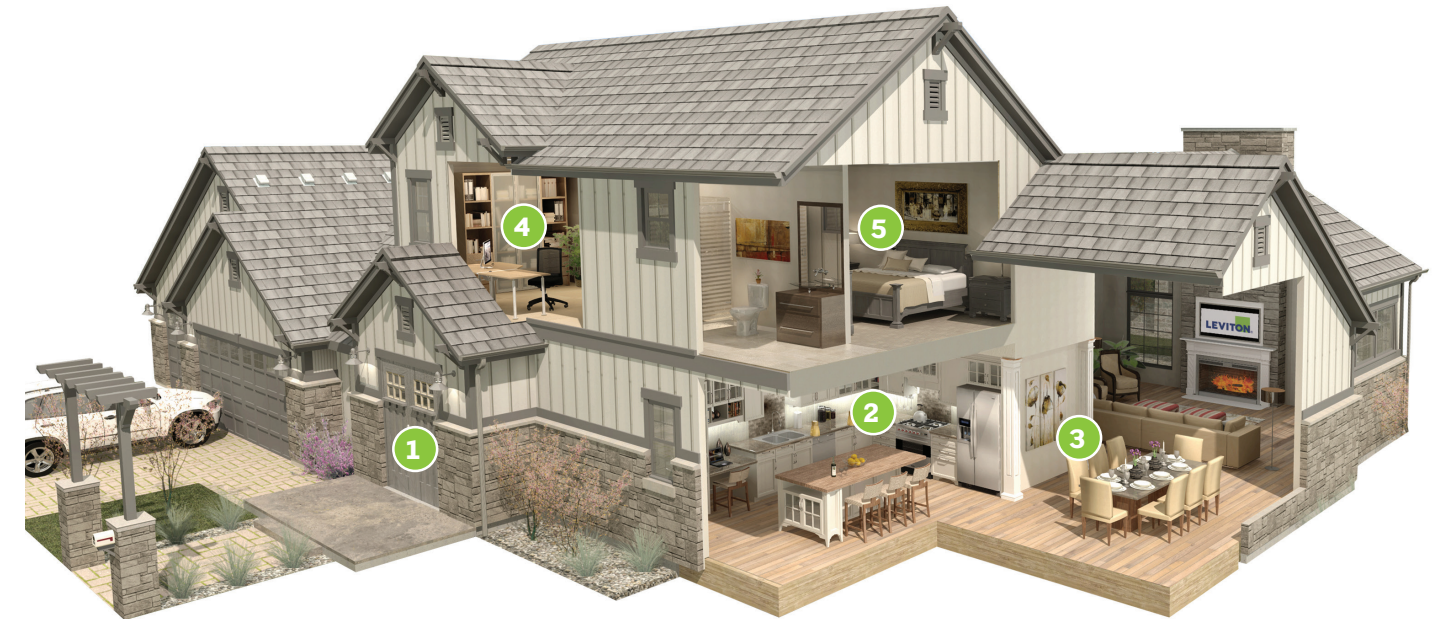

Free “Leviton Decora Smart Home” app provides advanced lighting control settings including fade rate, minimum/maximum brightness, LED response activity, bulb type selection and more.

VOICE CONTROL

Use Siri® on your iPhone or iPad to turn lights on/off or dim with just your voice.

Customizable App-Based Lighting Control

Advanced Lighting Control That's Simple to Use

Apple HomeKit technology provides an easy, secure way to control lights and more from your iPhone, iPad or iPod touch.

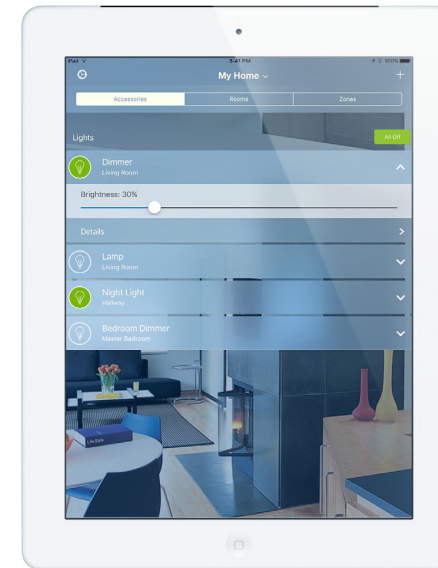

- Decora Smart Home app allows control over connected loads along with custom settings like fade rate, bulb type, brightness levels, LED response, and more.
- Use Siri® on your iPhone or iPad to turn lights on/off or dim with just your voice.
- Full range dimming (bright to dark) even with extremely low-wattage LED bulbs.
- Easy to retrofit in existing residential applications.
- Color change kits, multi-way devices, and wallplate options to fit the style of every room in your home.

CUSTOMIZABLE SETTINGS

Voice Controlled Lighting

We all talk to our electronic devices and appliances. Now your lights and connected loads can actually react to your voice. You can use Siri voice control on your iPhone, iPad, or iPod touch to control whether the Leviton Decora Smart accessory is on/off, or dimmed/brightened.

- “Siri, turn all lights on” will surely put a light on the situation
- “Siri, turn fan on” will cool you down during those hot summer nights
- “Siri, turn overhead dimmer to 25%” will set the mood perfectly for movie time

Use your imagination and have fun controlling every light and load in your home with either an app or your voice.

Decora Smart with HomeKit Features and Ordering

- Decora Smart Home app provides control over connected lights – dim/brighten your lights individually or turn off an entire room at once, no hub required.
- Switches, and Dimmers, are Universal and work with your LED, CFL, and Incandescent lamps plus more!
- Support for multi-way applications, such as hallways or staircases, in which one fixture is controlled by two devices.
- Six color change kits available: black, ivory, gray, brown, light almond, and white.
- Five Year Limited Warranty and over 110 years of experience. Leviton stands behind our high-quality advanced solutions.
- Engineered with advanced technology to function with extremely sensitive, low-wattage light sources, such as a single LED bulb in a hallway or a strand of holiday lights.
