BA50 Series Heavy-Duty Electrical Box Hangers

Features

- Faster installation: BA50C4T mounts electrical boxes with one (1) 1/4"-20 screw.
- Supports 4" or 4 11/16" octagonal or square boxes.
- Bendable ends enable BA50 to mount 1 1/2" or 2 1/8" deep boxes in an instant. No tools or cutting is required to adjust bar.
- BA50D mounts 1 1/2" or 2 1/8" deep boxes with 1 1/2" extension ring. No tools or cutting is required.
- Snaps on T-bar for fast installation.
- Self-centering feature positions electrical box on center without measuring.
- Independent support wire can be attached to clip and/or bar.
- Can easily be screwed to T-bar for fixing location.
- Accessories available:
 - Box mounting clip for multiple box installation
 - Extender brackets for box installation with 1 1/2" extension ring
 - Spacer shims for fine adjustment of box position on unique applications
- UL listed.
- 70 lb. Static Load Capacity.
