

## FTTH POINT OF ENTRY BOX & MEDIA VERSATILE PANEL

### FTTH Point of Entry Box

The Fiber-to-the Home (FTTH) Point of Entry Box provides a location to terminate fiber coming from a service provider to pigtails at the subscriber's premises. It's a convenient staging demarcation point with quick and easy access for activation as residents request FTTH service.

#### Features and Benefits

- Provides convenient staging prior to terminating incoming fiber from service provider
- Can mount inside the Structured Media® enclosure or as a stand-alone unit on a wall
- Includes magnet for easy installation and place adjustments
- Includes an SC/APC adapter with two dust caps and two splice sleeves
- Made of ABS plastic

### Media Versatile Panel

The Media Versatile Panel was made for custom retrofits and remodeling. Plywood backing and open architecture allow simple, flexible mounting of all components. This sturdy, industrial-grade panel can be surface mounted or recessed in the wall. Optional mounting brackets available for non-standard stud spacing.

#### Features and Benefits

- 24-inch high, 18-gauge steel panel available in black powder-coat finish
- Eight 1- or 1.5-inch conduit fittings on top and bottom facilitate cable entry and routing
- Wall mount or recess
- Ideal for new installations or retrofits
- Securable door provides maximum protection from dust and unauthorized entry
- 3/8-inch plywood backing allows open architecture for customizing layout and can accommodate a wide variety of Structured Media® distribution modules
