

AUDIO/VIDEO COMPATIBILITY

Legrand AVIP Connectivity

Legrand audio/video interface plates (AVIP) allow for A/V connectivity in all of Wiremold's A/V compatible pathways. AVIP Series Device Plates are metal, screwed-down connectors which ensure a secure connection that will resist being pulled out or broken while in use.

From data to audio to video, Legrand AVIP device plates help you stay connected in your meetings and training rooms, collaboration spaces or work areas. Wherever your connectivity needs are, we have the device plates and pathways to get you there.

CODE REFERENCE

Please visit the individual product sections located throughout this Product Guide for specific product Code Reference information.
