

avoid raceway fittings hassles

Wiremold® V500® and V700® Series Raceway Grab 'n' Go Kits eliminate the hassle of ordering and locating the accessories and fittings needed for quick raceway installations. Each Grab 'n' Go Kit includes an assortment of the standard raceway fittings, fasteners and accessories needed to complete a typical installation. Fittings are separated by part number into individual compartments in a convenient reclosable container that fits most service truck systems.

- **Fits most standard service truck systems.** The kits are easy to store, provide better management of fittings and provide easy access to fittings for raceway installations.
- **Includes free raceway cutting guide.** Faster, cleaner, more accurate cuts mean easier raceway installations
- **Simplifies stocking and reordering.** Ordering the entire kit by a single part number simplifies restocking and inventory management.
- **Streamline raceway installations.** Each kit provides enough fittings for a typical 30' installation of raceway including corner elbows and device boxes.
- **Kits divided by part numbers.** Internal compartments in each kit separate part numbers and make locating raceway accessories fast and easy.
- **cULus Listed.** Raceway components in each kit are cULus Listed.
